

**STANS ENERGY CORP.

**ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD ON July 11, 2012**

SOLICITATION OF PROXIES

This Management Information Circular (the "Circular") is furnished in connection with the solicitation of proxies by the management of STANS ENERGY CORP. (the "**Corporation**") for use at an Annual General Meeting (the "**Meeting**") of the Shareholders of the Corporation to be held on July 11, 2012 at the hour of 1:00 PM, Toronto time, at the Board of Trade, 1 First Canadian Place, Toronto, ON, M5X 1C1 and at any adjournments thereof for the purposes set out in the accompanying Notice of Meeting. It is expected that the solicitation will be by mail primarily, but proxies may also be solicited personally by regular employees of the Corporation. The cost of such solicitation will be borne by the Corporation. In accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*, arrangements have been made with brokerage houses and other intermediaries to forward solicitation materials to the beneficial owners of common shares of the Corporation held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so.

Unless otherwise specified, all information contained in this Circular is given as of May 21, 2012. The record date for the Meeting has been set as June 04, 2012 (the "**Record Date**") and, unless otherwise specified, all amounts shown represent Canadian dollars.

APPOINTMENT, REVOCATION AND DEPOSIT OF PROXIES

The persons named in the enclosed instrument of proxy (the "**Proxy**") are officers and directors of the Corporation who have been selected by the directors of the Corporation and have indicated their willingness to represent as proxies the shareholders who appoint them.

A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR HIM AND ON HIS BEHALF AT THE MEETING OTHER THAN THE PERSONS DESIGNATED IN THE ENCLOSED FORM OF PROXY. SUCH RIGHT MAY BE EXERCISED BY STRIKING OUT THE NAMES OF THE PERSONS DESIGNATED IN THE FORM OF PROXY AND BY INSERTING IN THE BLANK SPACE PROVIDED FOR THAT PURPOSE THE NAME OF THE DESIRED PERSON OR BY COMPLETING ANOTHER PROPER FORM OF PROXY AND, IN EITHER CASE, DELIVERING THE COMPLETED AND EXECUTED PROXY TO THE CORPORATION C/O EQUITY FINANCIAL TRUST COMPANY, SUITE 400, 200 UNIVERSITY AVENUE, TORONTO, ONTARIO M5H 4H1, AT ANY TIME PRIOR TO 4:00 P.M. (TORONTO TIME) ON THE 9TH DAY OF JULY 2012

A shareholder forwarding the enclosed form of proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A shareholder who has given a proxy may revoke it at any time in so far as it has not been exercised. A proxy may be revoked, as to any matter on which a vote shall not already have been cast pursuant to the authority conferred by such proxy, by instrument in writing executed by the shareholder or by his attorney authorized in writing or, if the shareholder is a body corporate, by an officer or attorney thereof duly authorized and deposited at the registered office of the Corporation at any time prior to 4:00 p.m. (Toronto time) on the last business day preceding the day of the Meeting, or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, and upon either of such deposits the proxy is

revoked. A proxy may also be revoked in any other manner permitted by law. The Corporation's registered office is located at Suite 205, 8 King Street East, Toronto, Ontario M5C 1B5.

ADVICE TO NON-REGISTERED HOLDERS

The non-registered shareholders of the Corporation should review the information set forth in this section carefully. Shareholders who do not hold their shares in their own name (referred to in this Management Information Circular as "**Beneficial Shareholders**") should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of shares will be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a shareholder by a broker, those shares will, in all likelihood, not be registered in the shareholder's name. Such shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such shares are registered in the name of CEDE & Co. (the registration name for The Depository Trust Company, which acts as nominee for many U.S. brokerage firms). Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the form of proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his or her broker (or an agent of such broker), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the proxy form provided to them by their broker (or the broker's agent) and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or the broker's agent).

All references to shareholders in this Management Information Circular and the accompanying form of proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

MANNER OF VOTING AND EXERCISE OF DISCRETION BY PROXIES

The persons named in the enclosed form of proxy will vote or withhold from voting the common shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such common shares will be voted FOR each of the matters identified in the Notice and described in this Circular.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice, and with respect to other matters which may properly come before the Meeting. At the time of the printing of this Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice.

Termination of Employment, Change in Responsibilities and Employment Contracts

The Corporation has no employment contracts with its NEOs.

The Corporation has no compensatory plan, contract or arrangement where a NEO is entitled to receive more than \$150,000 (including periodic payments or installments) to compensate such executive officer in the event of resignation, retirement or other termination of the NEO's employment with the Corporation, a change of control of the Corporation, or a change in responsibilities of the NEO following a change in control.

Compensation discussion and analysis

The compensation of the NEOs of the Corporation consists of a salary portion, discretionary bonus and an incentive stock option component. The Corporation's compensation decisions are based on (a) value of the particular services that the individual NEO contributes to advancing objectives of the corporation and (b) what the corporation can reasonably afford to pay, given its higher priority operating commitments to ensure its ability to continue as a going concern. The value of the particular services are determined in the context of the prevailing market rates (e.g. the Board of Directors reviews compensation of the NEO's within a selected sample of junior mining companies of a similar size and characteristics to the Corporation), whereas any particular constraints on the amounts that the Corporation can reasonably afford to pay are determined in the context of the operating budget of the Corporation. The specific salary compensation rates are set by the Board and are periodically reviewed, as deemed appropriate.

The Corporation is therefore relying on its stock option plan and bonus component to provide sufficient incentive to its NEOs to provide their services to the Corporation and bring the compensation level in line with the actual value of the services.

Compensation Committee

The role of the Compensation Committee is to review and provide recommendations to the Board in respect of compensation matters. It met numerous times during the year ended December 31, 2011, principally as an adjunct to board meetings, but also privately, to discuss specific compensation to the NEOs who are also directors. Individual committee members also met privately with management to review the Corporation's approach to executive compensation.

The Compensation Committee's reviews are conducted no less frequently than annually, and include a competitive market analysis of compensation paid for executive officers of companies of similar business, size and stage of development. The Committee then recommends an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Corporation. In making recommendations as to incentives, including discretionary bonuses, the Compensation Committee considers both individual and corporate performance.

During each annual review and assessment by the Compensation Committee of the Corporation's executive compensation program. It also explicitly and implicitly takes into consideration any risks associated therewith. At the present time, the Compensation Committee has not identified any risks associated with the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation. In the assessment of senior management and the Board, the risks and uncertainties facing the Corporation that are likely to have a material adverse effect on the Corporation are disclosed quarterly in the Corporation's management discussion and analysis of the Corporation's financial condition and results of operations for the most recently completed quarter. No such risks relate to the Corporation's compensation policies and practices.

The Compensation Committee will continue to review with management the approach to executive compensation and, if it becomes appropriate, will consider alternative or supplemental compensation arrangements.

Compensation Plan and Policies

The Corporation's compensation policies are designed to recognize and reward individual performance as well as to provide a competitive level of compensation. The Corporation's current compensation plan consists of the following elements:

- base salaries;
- annual incentive bonuses;
- option-based awards; and

- benefits and perquisites.

A description of each element and its purpose is described below.

Base Salaries

The purpose of the base salary is to attract and retain executives by providing a competitive base compensation. The level of base salary for each NEO is determined by the level of responsibility and the importance of the position to the Corporation, within competitive industry ranges. The Compensation Committee makes recommendations to the Board regarding base salaries of the NEOs. Adjustment has been made from time to time to reflect budgetary constraints on the Corporation.

Annual Incentive Bonuses

Annual incentive bonuses are a short-term variable compensation element, designed to reward NEOs on an annual basis for achieving the Corporation's business objectives. The Corporation's business objectives are generally established by the Board at the start of each year, and may be reviewed during the year. Determination of the amount of bonus awarded to each NEO is based on an assessment by the Compensation Committee of several factors including contribution of the individual to overall progress of the Corporation in achieving its stated business objectives. The purpose of the annual incentive bonus is to pay for performance, align the NEO's economic interest with the Corporation's business objectives and to motivate and retain the executives. The Board has the discretion to alter the conditions of any bonus, if warranted. Discretionary bonuses may be paid to other employees at the discretion of the Board.

Option-Based Awards

Option-based awards are designed to align executive and Shareholder interests, focus executives on long term value creation and also to support the retention of key executives. NEOs may be issued stock options to purchase Common Shares or other option-based awards as recommended by the Compensation Committee and authorized by the Board. NEOs are excluded from the decision-making process regarding option-based compensation to be awarded to them. Previous grants of option-based awards are taken into account when considering new grants to the NEOs. Further information concerning option grants to NEOs and directors, and regarding the terms of the Option Plan of the Corporation are set out in this Circular.

Benefits and Perquisites

NEOs also participate in the Corporation's benefit plans that are available to all employees. The level of other perquisites depends on the employee's position. The purpose of the benefits and perquisites is to attract, retain and motivate the employees.

The following fees have been paid to directors in their capacity as directors of the Corporation, in their capacity as members of a committee of the board of directors of the Corporation, or as consultants or experts, during the Corporation's most recently completed financial year.

KPMG were the auditors since November 20, 2007 of the former private company Stans Energy Corp., which amalgamated with the former JM Capital Inc. to form the Corporation by a three cornered amalgamation completed November 27, 2008 (the "Amalgamation").

D. CORPORATION'S STOCK OPTION PLAN

The TSX Venture Exchange requires all listed companies with a 10% rolling stock option plan to obtain annual shareholder approval of such plan. The Corporation has a 10% rolling stock option plan (the "Plan"). Shareholders will be asked at the Meeting to vote on a resolution to approve the Plan for the ensuing year.

The Plan was initially adopted by the board of directors of JM Capital Inc., the Corporation's predecessor, on October 26, 2006. The Plan was last approved by the shareholders on July 14, 2011. Amendments to the Plan were made by the Corporation's board of directors on January 10, 2012 to remove references to JM Capital Inc., to reflect changes to the TSX-V's Policies since 2006 including permitting option grants to have a term of up to 10 years, and to clarify its language.

The Plan provides that the Board of Directors of the Corporation may from time to time, in its discretion, grant to directors, officers, employees and consultants of the Corporation, or any subsidiary of the Corporation, the option to purchase common shares. The Plan provides for a maximum limit of 10% of the outstanding common shares at the time of grant to be approved for issue (the "**Limit**"), as permitted by the Policies of the TSX-V. On May 21, 2012 this represents 15,726,399 common shares available under the Plan.

The number of common shares reserved for issue to any one person within any twelve-month period (unless the Corporation has obtained disinterested shareholder approval) may not exceed 5% of the outstanding common shares, or a maximum of 2% if the person is a Consultant to the Corporation. The number of common shares reserved for issue to all persons engaged in Investor Relations activities for the Corporation may not exceed 2% of the outstanding common shares.

The Board of Directors determines the price per common share and the number of common shares that may be allotted to each director, officer, employee and consultant and all other terms and conditions of the options, subject to the rules of the TSX-V.

The exercise price per common share set by the Board of Directors is subject to minimum pricing restrictions set by the TSX-V.

Options may be exercisable for up to ten years from the date of grant, but the Board of Directors has the discretion to grant options that are exercisable for a shorter period. Options granted under the Plan do not require vesting provisions, although the Board of Directors may attach a vesting period or periods to individual grants as it deems appropriate. Options under the Plan are non-assignable and non-transferable. If prior to the exercise of an option, the holder ceases to be a director, officer, employee or consultant, the option shall be limited to the number of common shares purchasable by him immediately prior to the time of his cessation of office or employment and he shall have no right to purchase any other common shares. Options must be exercised within 90 days of termination of employment or cessation of position with the Corporation, provided that if the cessation of office, directorship, consulting arrangement or employment was by reason of death or disability, the option must be exercised within one year of termination or cessation, subject to earlier expiry pursuant to the specified expiry date.

If any option expires or otherwise terminates after having been granted without having been exercised in full, the number of shares in respect of such expired or terminated option, as the case may be, shall not be deducted from the Limit, and will again be available for grant for the purposes of the Plan.

The full text of the Plan will be available for review at the Meeting and will be supplied free of charge to shareholders upon written request made directly to the Corporation at its registered head office located at Suite 205, 8 King Street East, Toronto, Ontario M5C 1B5, Attention: President.

Shareholders will be asked at the Meeting to consider and, if thought advisable, approve and ratify the following resolution:

"WHEREAS:

- A. The Corporation has a 10% rolling stock option plan (the “Plan”) as described in the Management Information Circular for this meeting;
- B. In accordance with requirements of the TSX Venture Exchange, the Corporation wishes to obtain shareholder approval in respect of its existing Plan for the ensuing year, reserving for grant options to acquire up to a maximum of 10% of the issued and outstanding shares of the Corporation calculated at the time of each stock option grant.

NOW THEREFORE BE IT RESOLVED THAT:

- 1. The Plan is hereby approved by the shareholders of the Corporation for the ensuing year.
- 2. Any one director or officer of the Corporation be and is hereby authorized and directed to sign, and execute under corporate seal or otherwise all such deeds, documents, instruments and assurances, and to do all such acts and things as in such officer's or director's opinion may be necessary or desirable to give effect to this resolution.”

ON BEHALF OF THE BOARD OF DIRECTORS

"Robert Mackay"

Robert Mackay,
Chief Executive Officer

SCHEDULE "A"
STANS ENERGY CORP.
FORM 58-101F2 - CORPORATE GOVERNANCE DISCLOSURE
(VENTURE ISSUERS)

General

The Board believes that good corporate governance improves corporate performance and benefits all shareholders. The Canadian Securities Administrators (the "CSA") have adopted National Policy 58-201 *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA have implemented National Instrument 58-101 *Disclosure of Corporate Governance Practices*, which prescribes certain disclosure by the Corporation of its corporate governance practices. This disclosure is presented below.

Board of Directors

Management is nominating five individuals to the Corporation's board of directors (the "Board"), all of which are current directors of the Corporation.

The Guidelines suggest that the board of directors of every listed Corporation should be constituted with a majority of individuals who qualify as "independent" directors under MI 52-110, which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Corporation.

Of the proposed nominees, two are "inside" or management directors and accordingly such persons are not considered to be "independent" within the meaning of MI 52-110. The other three directors are considered by the Board to be "independent" within the meaning of MI 52-110.

Rodney Irwin is Chair of the Board.

Directorships

The following table sets out the proposed directors, officers and promoters of the Resulting Issuer that are, or have been within the last five years, directors, officers or promoters of other reporting issuers:

Name	Name and Jurisdiction of Reporting Issuer	Name of Trading Market	Position(s) Held	Term
Gordon Baker	Jemtec Inc.	TSX Venture	Director, Member of Audit Committee	January 1994 to present.
Doug Underhill Director	Monster Uranium Corp.	TSX Venture	Director	May 14 2008 to present

Orientation and Continuing Education

While the Corporation does not have formal orientation and training programs, new directors are provided with access to publicly filed documents of the Corporation, technical reports, internal financial information, the Corporation's corporate governance policies, and management and technical experts and consultants.

Ethical Business Conduct

The Board of Directors has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board of Directors in which the director has an interest have been sufficient to ensure that the Board of Directors operates independently of

management and in the best interests of the Corporation. Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction.

Nomination and Assessment

The Board of Directors is responsible for identifying individuals qualified to become new directors and recommending to the Board of Directors new director nominees for the next annual meeting of shareholders. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required, show support for the Corporation's mission and strategic objectives, and a willingness to serve.

Compensation

The Corporation has a Compensation committee.

The members of the Compensation Committee are:

- Gordon R. Baker, QC
- Rod Irwin
- Doug Underhill

Each committee member is an independent director.

The role of the Compensation Committee is to review and provide recommendations to the Board in respect of compensation matters. The Compensation Committee reviews and considers compensation paid for executive officers of companies of similar business, size and stage of development and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Corporation.

The members of the Compensation Committee have been fulfilling the role of a compensation committee for the Corporation as members of the Audit Committee since November 2008 for Mr. Baker and Mr. Irwin, and since June 2009 for Mr. Underhill, and as such are versed in compensation matters relevant to the Corporation. Mr. Baker's background is as a lawyer and business executive. Mr. Irwin has been Canadian ambassador to numerous countries in Europe and Asia. Mr. Underhill is a PhD geologist with an MBA in strategic planning and finance.

Other Board Committees

The written charter of the Audit Committee, as required by MI 52-110, is contained in Schedule "B" to this Circular.

The Audit Committee assists the Board of Directors in its oversight of (i) the integrity of the financing reporting of the Corporation, (ii) the independence and performance of the Corporation's external auditors, and (iii) the Corporation's compliance with legal and regulatory requirements. The members of the Audit Committee are:
